PRESS RELEASE

Supreme Court Legalizes Gay Marriage Nationwide

Ban on same sex marriage struck down.

Anchorage, June 26, 2015 Republican House Candidate Myranda Walso applauds the Supreme Court Decision on Marriage Equality.

"It is past time that our greatness as a nation extends to all Americans, not just some Americans. I agree with Jeb Bush; regardless of our personal beliefs we should love our neighbors. Marriage equality is now the law of the land and I celebrate with our LBGT citizens."

Candidate Walso went on to say:

"...Many may be surprised to hear a Republican Candidate praising Marriage Equality. But the fact is that the future will be on the side of Republicans who combine their conservative economic philosophy with the social views of my generation. Recent polling shows that 61% of millennial Republicans support Marriage Equality.

In that sense my campaign is as much about the future of the Republican Party as it is about the critical issues facing Alaskans. I intend to continue to mobilize young Voters in my district. We have a powerful message for the Republican Establishment: Change is imminent. Today is a day to celebrate."
